TWO MORE POLICEMEN NEEDED, SAYS MARSHAL

Great Influx of Vagrants and Criminals to Coast This Winter

Asserting that Santa Ana's present police force is inadequate to successfully cope with the influx of vagrants and criminals, which promises to be greater than ever this winter as a result of the expositions, City Marshal Jernigan today made a statement to a Register representative, setting forth urgent reasons for additional protection.

"We are going to have a different and more dangerous class of hoboos to deal with this year than ever before," said Jernigan, "for the reason that many gunmen are included among the ordinary vags. Already we have taken three or four guns away from hoboos arrested at the railroad yards. Last week a bunch of vags was arrested in San Diego. Each man had a gun. The gang slipped through here.

"WE NEED ANOTHER MAN AT THE RAILROAD YARDS. WE NEED STILL ANOTHER TO PATROL THE RESIDENCE SECTION.

"While we cannot prevent all burglaries, still, if we had better facilities we would be able to prevent many of them taking place.

"People in this city should be warned about carelessly leaving their valuables about where they can be easily picked up by burglars. All watches, jewelry and other valuables should be kept securely locked up."

Coincident with what is occurring in every other city in California, Santa Ana is experiencing an invasion of vagrants and criminals. Beginning early last fall the list of burglaries has grown in volume both in this city and its suburbs until now hardly a day goes by without some robbery having taken place. Last week the Young and Hadley residence at Tus-tin, the Griset residence southwest of town and the Smith residence on South Main street, were burglarized. In addition to the constant thieving which is going on the police are having to do with a steadily increasing army of vagrants, beggars and others of the great itinerant body of ne'er-do-wells which is flocking to the coast during this year of the two expositions. Last night several burglaries occurred in this city.

Exchanges Automatic For Cheap Revolver

When Mr. and Mrs. Roy Angel returned to their home at 555 Fruit street last evening after an absence of several hours, they found that burglars had been at work, thoroughly ransacking the premises. A camera, a child's saving bank containing a quantity of pennies and a 32-caliber automatic Colt's revolver had been taken and a cheap revolver left in the place of the stolen articles. Officers Ryan and Smithwick went to the Angel residence shortly after 8:40 o'clock and made an investigation.

Several Suits of Clothes Are Stolen at Balboa

The city marshal of Balboa has notified the local police of the theft from G. Stamm of a number of suits of clothes, an overcoat, a pair of field glasses valued at \$20, and other articles.

Thieves Are Busy on East Fifth Street

The home of Mrs. Belles Clemens, 415 East Fifth street, was entered shortly after 10 o'clock last night and a razor, a wrench, pliers, some old coins and some Brazilian paper money taken. Police headquarters was notified and Officers Ryan and Smithwick hurried to the Clemens home and looked into the matter.

Take Tire and Robe

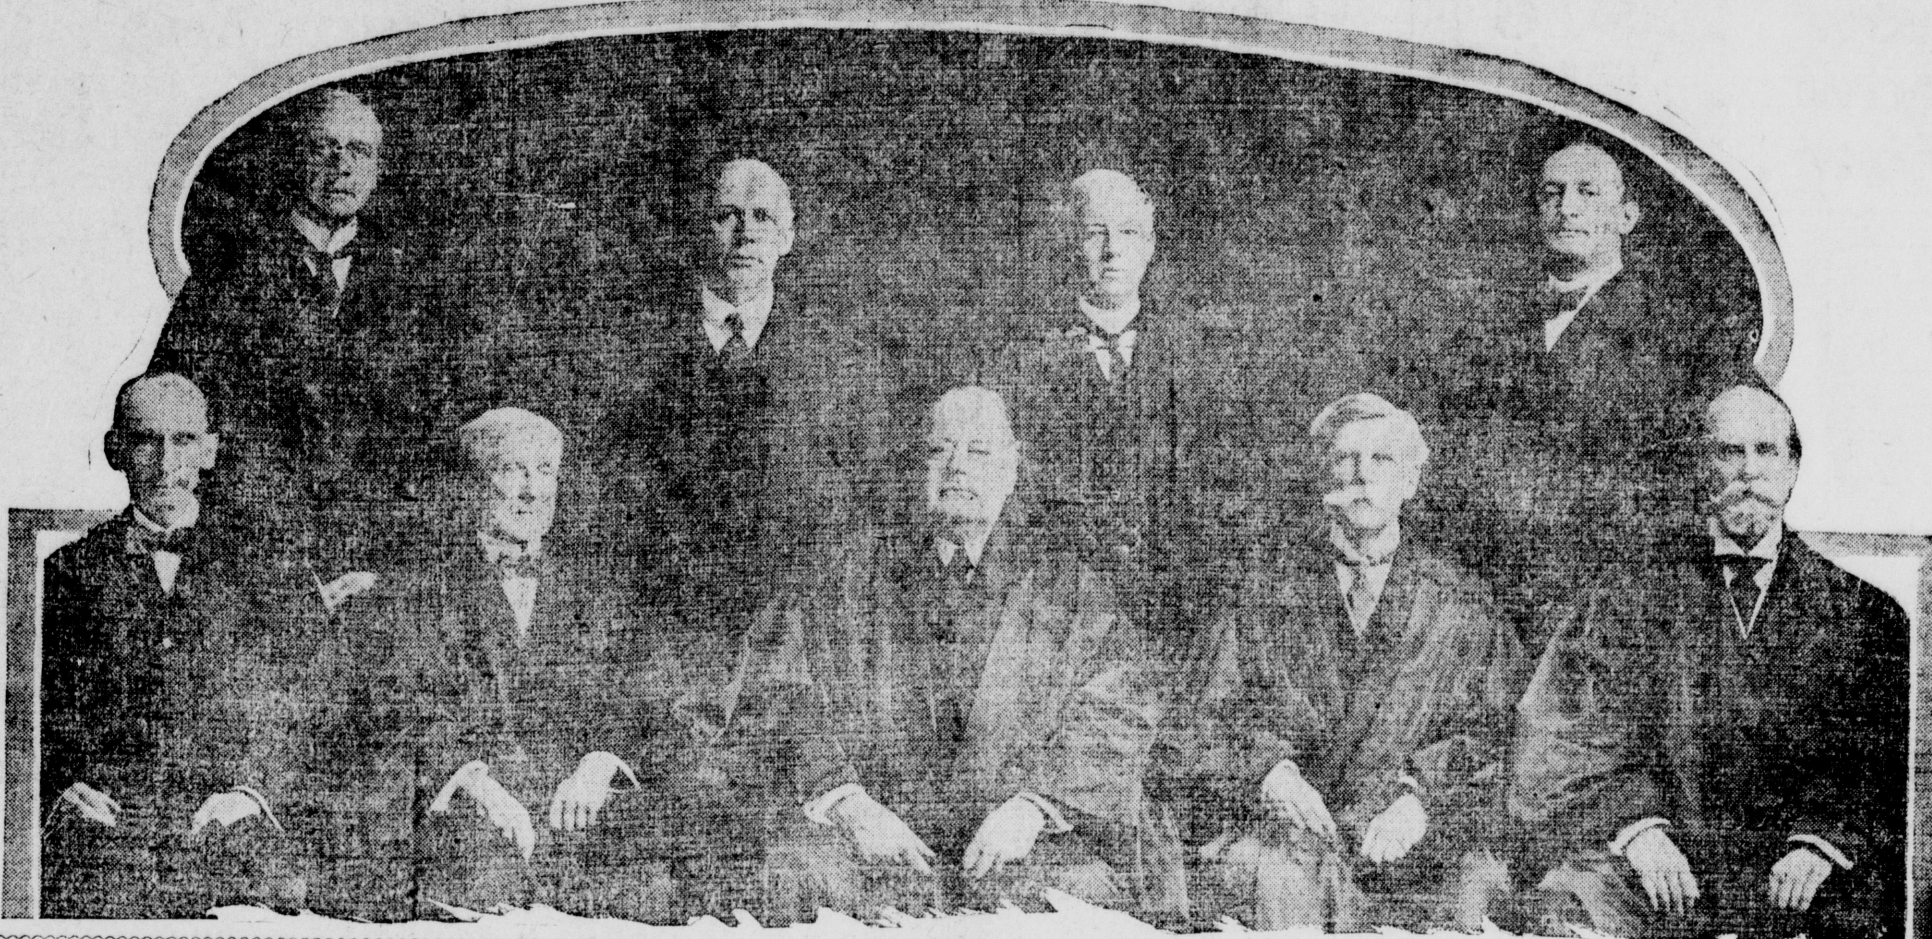

A laprobe and a 4x34 smooth tread Diamond tire were taken from an automobile left standing in front of the P. P. Nickey residence on Sixth street last Saturday evening. The theft occurred between 5 and 7:30 o'clock.

Fairbanks May Seek White House Quarters in 1916

LOS ANGELES, Jan. 4.—Advices from the East yesterday brought the news that the boom for the presidency of Charles Warren Fairbanks, who now is visiting his son at Pasadena, is attracting considerable attention in the East and South.

It is understood that Mr. Fairbanks has been making a careful survey of the South, with a view to winning delegates there for the 1916 race. He is said also to have recently conferred with prominent New Yorkers, including some of the powerful leaders in financial circles.

The former vice president refuses to talk on the rumor of his alleged candidacy.

THREE ISSUES TO BE EMPHASIZED IN MESSAGE

Governor Johnson's Program for Legislature Outlined; Speakership Fight

SACRAMENTO, Jan. 4.—Sixty-one members of the assembly in non-partisan caucus chose the following officers to be confirmed when the house met later in the day: Speaker, C. C. Young of Berkeley; speaker pro tem, Howard Fish of Los Angeles, who beat George Back of Livermore in a vote of 29 to 23; chief clerk, L. B. Mallory of Los Gatos, re-elected; sergeant at arms, Henry B. Miller of Sacramento; minute clerk, V. C. Gelcich, of Los Angeles. Chaplain, Rev. James Whit-taker, Methodist, of Sacramento.

SACRAMENTO, Jan. 4.—Non-partisanship in state elections similar to the electoral system for county officers, the meeting of a deficit in state revenues, and groundwork for the establishment of a system of rural credits by the state are three issues expected to be emphasized in the biennial message of Governor Johnson, which will become public within a couple of days after the opening of the forty-first session of the California legislature today.

The platform of the Progressive party and political speeches of the governor before and after his re-election have made it clear that non-partisanship election of all state officers from governor down will be the cornerstone of the administration program for the session.

"There is no intention of wiping out parties within the state, simply to remove the party label from candidates and elect them solely upon their individual merit," Governor Johnson said in explanation of the non-partisanship plan.

The Republican State Central Committee is opposed to the plan and will urge all Republican legislators to fight it. Democrats, too, have expressed disapproval, and the question of whether or not a sharp contest will develop depends upon how strong a hold the Johnson forces get upon the lower house.

In the Senate the administration will be overwhelmingly strong. The governor's supporters claim thirty of the forty senators, and assert that the opposition will not amount to a corporal's guard.

In the Assembly there will be twenty-eight.

U. S. PROBE OF INDIANA ELECTION FRAUDS BEGINS

INDIANAPOLIS, Ind., Jan. 4.—Government investigation of alleged irregularities in a recent election began in the federal building here today. Hundreds of citizens will be subpoenaed as witnesses.

Judge Anderson warned the newspapers to publish no names connected with the investigation, but it is understood that among those subpoenaed were several who made affidavits against Chief of Police Perotti.

Eighty registered Progressives, thirty-three Republicans, fifteen Democrats, three Socialists and one Prohibitionist, but a number of Republicans have openly declared they will support Governor Johnson, and his leaders believe they will have a working majority of more than fifty of the eighty assemblymen.

PATRIOTIC OPENING OF LONDON STOCK EXCHANGE

LONDON, Jan. 4.—After five months' suspension the Stock Exchange reopened today. The opening was cheerful and prices fairly steady. The traders sang the national anthem before the session began.

NEW DIRECTORY IS BEING DELIVERED

The new city directory issued by the Santa Ana Chamber of Commerce is being delivered to the merchants of the city today by Thomas F. Perry who has had the work of preparing the directory in charge from the beginning.

The book is about twice the size of any former directory gotten out here and is of an extremely attractive appearance. The book contains about 7000 names of persons resident in this city and eighteen years or more of age.

The work of printing and binding the book was done in the job and binding departments of the Register.

According to a conservative estimate made by Perry, the population of Santa Ana is now approximately 14,711. Perry's method in computing the population is the same as that used by all directory publishing houses throughout this country. Seven per cent is deducted from the total number of names in the directory as it has been ascertained that approximately this percentage of names in a directory are names of firms, churches and schools and not the names of private individuals.

The resultant figure is then multiplied by two and one-fourth, which is considered to be a conservative estimate of the number of persons in each family.

BIG BEET SUGAR GAIN EXPECTED FOR 1915

Amalgamated Sugar Company is Signing Contracts for Increased Output

OGDEN, Utah, Jan. 4.—Contracts are being signed by the Amalgamated Sugar Company for sugar beet crops of 1915 and the corporation announced yesterday that it would accept tonnage to its entire capacity, about 25 per cent more than handled during 1914. The output of the four sugar factories operated by this company during 1914, are Ogden, Logan, and Lewiston, Utah, and Burley, Idaho, was 89,000,000 pounds, an increase of 25 per cent over 1913.

Conditions of the sugar market as a result of the European war, with the belief that the war will continue through the growing season of 1915 and further curtail the output of Germany and Austria, are given as the reasons for the decision. The Utah-Idaho Sugar Company's 1914 production was 153,000,000 pounds, a gain of 37,000,000 over 1912.

What becomes of them afterward the manufacturing company does not know.

U.S. Unprepared for War, Is Declaration of Gardner

WASHINGTON, Jan. 4.—Testifying before the House Military Committee, Representative Gardner declared that the American army is sufficient only to fill a trench sixty-five miles long. He contended that the militia force is unprepared for emergencies. He quoted figures from the report of the chief of staff of the army showing that 23,000 of the 120,000 militiamen failed to attend the annual inspection, and that 31,000 militiamen absented themselves from the annual encampments. He said:

"We have only 643 complete modern guns and howitzers, where Russia in a single battle with the Japanese had 1204. We have sufficient rifles to equip only 127,000 and the ammunition shortage is serious. Eight of our big guns can shoot ammunition as fast as Uncle Sam can make it."

Gardner said, "The House Military Committee scorned the statement of Chief of Staff General Winterspoon that 800,000 men are needed in the army because it would not listen to unpalatable evidence."

FRANK R. DEVLIN SUCCESSOR TO ESHLEMAN

Four Commissioners Are Re-appointed; Griffin is Judge; Telfer is State Printer

SACRAMENTO, Jan. 4.—Appointments carrying annual salaries that total \$51,000, the biggest political plum within his gift, were made yesterday by Governor Hiram W. Johnson.

Frank R. Devlin, Vallejo attorney, was appointed railroad commissioner to take the place of John M. Eshleman, lieutenant governor-elect, whose term expired at midnight.

The other four railroad commissioners whose terms expired with Eshleman's were re-appointed. They are Max Thelan of Berkeley, E. O. Edgerton of Los Angeles, H. D. Loveland of San Francisco and Alexander Gordon of Sacramento.

It is taken for granted in legislative circles that Thelan will be named president of the board, Devlin not expecting to take the top place.

Thelan and Edgerton were re-appointed for six years, Gordon for two years, and Devlin and Loveland were given the four-year terms.

Superior Judge Franklin A. Griffin of San Francisco was appointed by the governor to take the place on the superior bench of San Francisco of Judge William P. Lawlor who was elected to the Court of Appeals of the First District. Griffin's salary is \$5000.

Robert L. Telfer of San Jose, deputy state printer for four years, was appointed state printer to succeed Friend W. Richardson, who assumes the office of state treasurer today. The salary of the state printer is \$5000.

All the governor's appointees, except the railroad commissioners, continue in office with re-appointment.

TWO NATIONS MORE WILL JOIN WAR

Italy and Roumania Expected to Send Half Million Men Into Austria

800 WOUNDED FILLING HOSPITALS AT TRIESTE

French Slowly Gain in Alsace; Floods in North; Grim is Conflict in Poland

PARIS, Jan. 4.—That Italy and Roumania will enter the war on March 1, was widely rumored today. It was reported they will send half a million men into Austrian territory while their monitors will simultaneously threaten Budapest. Deputy Diamandy of the Roumanian parliament, who arrived here Saturday from Rome, refused to discuss the report. He denied that his business was official.

TRIESTE, Jan. 4.—Eight hundred wounded men from the Galician war zone arrived here today, two hundred of these with feet so badly frozen that amputation was necessary in almost every case. The hospitals are overflowing and warehouses were used to receive the wounded.

PARIS, Jan. 4.—French gains in Alsace are slow and steady, the war office announced today. The hardest fighting, the announcement stated, is along the line from Cerney, ten miles west of Mulhausen, to a point slightly east of Steinbach.

Sharp German counter-attacks west of Cerney are reported as being repulsed.

Floods in the extreme north halted operations there, and calm prevailed from the river Oise to the North Sea, the report said. Artillery fighting was reported along the Aisne and in the Champagne district. Slight French gains were reported in other sections.

BERLIN, (via The Hague), Jan. 4.—The most desperate fighting still raged in Alsace today, centering about Steinbach, which has been captured and re-captured several times within the last four days. The city is almost destroyed. The fields about it are covered with dead and wounded. Both sides are losing heavily in Alsace, but the French are far the greater sufferers.

The official statement today said that conditions in Poland are unchanged.

PETROGRAD, Jan. 4.—That the Germans are sacrificing hundreds of men in vain efforts to cross the Bzura river, was announced today by the war office. Saturday night they succeeded in throwing a pontoon bridge across the river, but the men who reached the Russian side were annihilated by the artillery fire. Desperate fighting was in progress today at Kozloff, Biskoupi, and other places south of the Pilica river.

German claims of successes near the outer defenses of Warsaw are denied.

MOTHER! THE CHILD IS COSTIVE, BILIOUS

Look, Mother! If Tongue is Coated Give "California Syrup of Figs"

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! See if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomachache, diarrhoea, sore throat, full of cold, give a tea-spoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."—Advertisement.

PROGRESSIVE MAIL METHODS PROFITABLE

With a postal appropriation bill reported to the house carrying, if adopted, expenditures approximating \$325,000,000, and with an apparent surplus of postal revenue over expenditures during the current year of more than \$3,000,000, the United States postal department faces the future hopefully. If it shall prove true that the country at last has put this arm of the government on a self-sustaining basis, the tendency will be to extend its activities even more rapidly than during the last decade. But whether or not it will be done in ways that the postmaster-general advises in his annual report is problematical. The more conservative opinion of the country, we believe, will favor improving service that already is attempted before expanding further. On the other hand, the postmaster-general presumably will have considerable support for his recommendation that the government take over the privately owned telegraph and telephone lines. He argues for it on constitutional grounds, "as a natural right of government, which has had recognition by Congress in the past and has been urged repeatedly by former heads of the postal department. Action, when finally taken will not, we think, be shaped so much by issues of constitutionality as by convictions as to the relative efficiency and cost of the two systems. When something like a fair opinion, with all the facts in hand, is to be had, Congress no doubt will take action. It should not do so before.

Postmaster-General Albert S. Burleson is eager to utilize the automobile and the aeroplane in the mail service, and thinks that he sees ways of so doing that would be profitable and that would increase efficient collection and delivery service in special fields of operation. The appropriation bill reported to the house carries no provision for such experimentation. The senate may be more venturesome, or more extravagant, and insert such an item.

Probably not a few legislators will argue that when a fair basis of pay for railways as mail carriers has been decided on and approved it will be time to launch out on other modes of transportation.

The department is busy arranging details by which it can do its share in the interchange of funds between the Americas that is so essential a part of any campaign intended to increase trade. Once this plan is worked out on a scale resembling the postal-order business between the United States and Europe, then will develop trade that will be more reliable and constant than much that is won in more spectacular and venturesome ways.—Christian Science Monitor.

VOCATIONAL VALUES OF KNOWING LATIN

For three years commercial Latin has been taught in certain of the Boston high schools and has been found extremely serviceable for both boys and girls who were looking forward to business careers. In a recent professional report on the system used and the results achieved, which is printed in the current Journal of Education, it seems to be proved by statistics based on pupils' markings that not only is the method used helpful to the lad or girl who, as a stenographer or private secretary, is to use the English language more or less correctly, but also to all pupils in the school that take Latin. Tests in spelling, use of words in sentences, definitions and parts of speech, meanings of words and excellence in English vocabulary, as between Latin-using and non-Latin-using groups, gave the former an advantage of 29 per cent.

And why? Because (as the Christian Science Monitor points out) the Latin tongue had been dealt with mainly as a source of English speech, and the latter had been studied in its derivatives from the Latin. Thus when studying commercial geography, commercial law or the history of commerce, the hunt on the side has been for words of Latin origin. So with the Latin classics in so far as they have been read, it has been with a double purpose in view—to get at the content of an author's thought, and also to see where and how he used words that have since been incorporated into English.

The method used produces results that are attracting the attention of certain experts in pedagogy; witness the comments of Harvard's department of education. If in other schools it can have for its by-products such betterment of English spelling and accuracy of expression as are recorded as having been wrought in the Dorchester high school, then there will

probably be a clamor for more Latin so taught, if thereby the use of English may become less slovenly and spelling more accurate.

CHRISTMAS CARDS

One of the biggest items in the post-office clerk's job is handling the Christmas card traffic. A glance over the ordinary mantel piece at this time of year is apt to show from a dozen to twenty Christmas cards there displayed. This represents an absolute increase in postal traffic. Probably not more than one or two of these dozen to twenty people used to write any Christmas letters. No wonder that the average postoffice force are candidates for a sanitarium when the holiday is over.

Some sensible people make a pretty good use of these cards. They may take the place of costly gifts that were more or less unnecessary. The sagacious individual cuts out needless presents from year to year. If a pretty card conveys the good cheer of the season just as well as a gift having no practical value but costing some dollars, everyone concerned is better off. The recipient is placed under no onerous obligation.

People of taste say it is not easy to find attractive cards. Those that have pleasing sentiments may be garish in color. Cards may be neat in typography and color, and yet have flat sentiments apparently written by the printer's devil. The great masters of poetry and prose furnish a wealth of quotations from which inspiring messages can be selected.

Just how much real sentiment there is behind all the cards that weigh down the mail bag would be hard to say. Even the kiddies have their exchanges of cards nowadays, and your daughter of ten may have a long list to be selected and addressed. The men seem to care little about these remembrances. Women are more open to the appeal of sentiment, and even a two cent card may seem a pledge that a former tie of friendship is yet strong and vital.

SUCCESSFUL SERIES OF MEETINGS ENDS

The most remarkable series of meetings ever held in Westminster closed last night after a week's duration with a big union service of the two churches. These meetings began a week ago Sunday night, were arranged for and under the auspices of the County Y. M. C. A. Four college boys, two from Occidental and two from U. S. C. had charge of the meetings and gave the talks as well as providing most of the music. They were entertained in the homes of the people and during the day mixed with the boys and young men of the community in a manner that won the young people of the community.

The two big social evenings that they promoted were voted the best that Westminster has ever had.

The appeal in these meetings was mostly to the boys and young men and was straight out-and-out evangelistic, emphasizing the manliness of religion. As a result of the work of this delegation together with E. M. Brown, county secretary of the Y. M. C. A., sixteen boys and young men and two young women stood on their feet in the service last night signifying their intention to lead a Christian life.

So great an interest was aroused that a demand for a continuation of the meetings resulted in arrangements for a union meeting on the next two Sunday evenings. Secretary Brown and T. L. Clay of Anaheim, a member of the County Committee and a former Y. M. C. A. secretary, will have charge of these meetings.

NEW YORK CITRUS MARKET

NEW YORK, Jan. 4.—Thirty cars of lemons and two of lemons were sold today. The market for oranges is about 25 cents lower, except a few fancy types which declined only slightly. Lemons are 10 cents higher. The lemons averaged \$1.41 to \$2.56. The highest price was for Kaweah Chief, selling at \$3.05. Cloudy weather prevails. The temperature at 8 o'clock this morning was 22 degrees above zero.

MUNICIPAL "HOT DOGS"

CLEVELAND, O., Jan. 4.—Beginning today municipal "hot dogs" can be bought in Cleveland parks, according to announcement of city officials yesterday. Hot lunches have now become the principal wares of the municipal refreshment stands in the city parks which were opened to sell ice cream and peanuts last summer.

STOCKHOLDERS' MEETING

The annual meeting of the stockholders of the Masonic Temple Association will be held on Tuesday evening, January 5, 1915, at the office of the Association, for the purpose of electing a board of seven directors and for the transaction of such other business as may properly come before the meeting.

G. P. HILL, President,
G. A. WHIDDEN, Secretary.

Benjamin Bunk

At one time in England a Benjamin Bunk meant a deserter from the army. Forty—probably fifty—years ago there was a real used comedian, one Teddy Mosedale, who, dressed up in a burlesque uniform of the Tommy of the day, set the patrons of the old Mogul (now the New Middlesex and and an opera house) into fits of laughter with the refrain:

I'm Benjamin Bunk, I'm Benjamin Bunk.

And the battle did alarm me;
I'm Benjamin Bunk, who got in a funk,
So they kicked me out of the army!

Through package car service from Chicago to Havana and interior Cuban points will be established via the Illinois Central, Nashville, Chattanooga and St. Louis, Central of Georgia, Atlantic Coast line, the Florida East Coast Railroad and the Florida East Coast car-ferry service and Cuban railways.

This will be the first time in history that shipments will be made to Cuban points without transfer. The cars will be carried from Key West on the new car ferries.

AMERICAN SLANG NEARLY FATAL

GENEVA, Dec. 3.—(By Mail to New York). Jan. 4.—A stranded American tourist in Switzerland nearly brought about the death of a friend living in Germany by sending him the following telegram: "Kale all gone. Wire thirty beans." The German censor took it to mean that some German town, Kiel probably, had been attacked and wiped out. The person to whom the wire was addressed was arrested as a spy and probably would have been shot. If, luckily, a German officer who had lived in America, had not been able to convince the authorities that the message was merely a request for monetary aid.

Owing to his youth he was unable to join the regular army, but he took service with a group of comitadjis, and from the first displayed extraordinary bravery. He has been through seven of the hottest fights of the war, and is just recovering from a serious wound received at Sontcha.

WINTER FREEZE DESIRED BY GERMANS

Teuton Offensive Halted Till the Rawka Ices; 800,000 Men Warring in Poland

BY KARL H. VON WIEGAND

HEADQUARTERS OF THE IMPERIAL PRUSSIAN DIVISION, 37 MILES FROM WARSAW, Dec. 31.—General Von Hindenburg, commander of German forces in Russian Poland, is awaiting real winter. As a result, the German offensive has been halted until the Rawka river and its swamps shall freeze. High military officials confidently assert that the arrival of freezing weather will speed German victory. I have spent eight days in headquarters. A terrific struggle is in progress. The Germans face tremendous difficulties which General Von Hindenburg's superlatively excellent military organization is overcoming. The trenches are boggy, the men frequently sinking to their thighs. The retreating Russians dynamited the roads. A ceaseless bombardment of the Slav front is likely until the swamps freeze, when the troops will be moved again. There are but few cases of cholera. Those are among the unvaccinated.

Tonight the Germans are dropping shrapnel among the Russians, using also every sort of artillery, including improved mine throwers. I witnessed a night assault with heavy artillery on Sciermowicz. It was a wonderful spectacle. The ground trembled with the detonations of the guns, and the sky was illuminated by the exploding shells. Twice the German infantry crossed the river under cover of the bombardment, but the Russians showed numerical superiority and both times the Germans were repelled. Finally the attempt to take the Slavic position which is located on high ground surrounded by swamps, was abandoned.

Along the front with Sciermowicz as the center probably 800,000 men are engaged. The Russians are economical with their ammunition, indicating that their supply is low.

Y. P. B. INSTITUTE

Splendid "Y" Affair Concludes With Sumptuous Banquet Given by W. C. T. U.

If the success of the Y. P. B. institute and banquet last Saturday afternoon were to be determined by the attendance of local delegates, it certainly could not have been called a success, yet, in every other respect it proved to be a splendid event and one not soon to be forgotten by those who listened to the excellent program.

Special mention must be given of the delightful literary program furnished exclusively by the Anaheim young people.

Prof. I. E. Johnstone of the Orange High School gave the address of the afternoon on "Moral Responsibility," which should have been heard by every adolescent youth of Orange county. Y. M. C. A. Secretary E. M. Brown gave a splendid talk on "Faithfulness of Duty." Four members of Tustin Y. P. B. demonstrated the different departments of the work in an interesting manner.

Verne House, James Anderson, Norma Wingood and Marguerite Todd of the Santa Ana society in a flash light symposium showed the influence of the "Y's"—"In the Church," "In the Young People's Societies," "In School" and "In the Home," each giving his or her view as to the extent of usefulness and good example of a loyal "Y" member.

Mrs. Hattie M. Doughty, the state secretary or superintendent of the "Y's," was present and gave a splendid informal address and also presided over the question box, which brought forth enthusiasm.

Mrs. F. H. McElree had charge of the program at the conclusion of which every one present joined in the march to the spacious dining hall, where in the shape of a large Y tables were charmingly laid and laden with a most tempting supper consisting of hot rolls, delicious salad, tomato pie, scalloped potatoes, cranberry sauce, ice cream, cake and cocoa, all graciously served by members of the Y. C. T. U. At the conclusion of the supper Mrs. McElree introduced Mr. Chas. Brisco of Anaheim as toastmaster, and with wit sufficient for a much more experienced head he executed these duties with high honor. Miss Dorothy Ut of Tustin responded to the toast, "Our Mother Hostess," Mrs. Belle Rogers, County W. C. T. U. president, replied in an appreciative manner.

"Springtime of Life," was the subject, both wittily and morally handled by Miss Gladys Gervais of Anaheim.

Miss Violet Williams, state vice-president, of Long Beach, responded to the subject, "Unity," bringing out many beautiful suggestions and thoughts.

The last, "Crumbs, Remnants or Full Measure—Which?" was given by Miss Isabel Anderson in a delightful manner. This ended the initial "reciprocity" meeting of the Y. P. B. of Orange county, and it is hoped any more like occasions may be enjoyed.

After the dinner the merry party motored to Balboa Beach where they enjoyed a moonlight boat ride.

The evening proved a most delightful one for the Misses Marie Briggs, Ollie Marsh, Veronica McDonnell, John Menges, Herbert Kendall, William Burge, Will Kneen, Ray Swartz and the two hostesses.

Christmas bells, quantities of holly and gorgeous poinsettias united in brilliant decorative effect. The dancers were on masquerade and many clever and beautiful costumes were in evidence in the mazes of the dance. A particularly interesting episode was the artistic presentation by Miss Yarnell of a Spanish dance. Other stunts were cleverly done by a number of the guests. Prizes for the most original costumes were awarded Bertrand West and Miss Emily West, each wearing a Spanish costume. Miss Yarnell cut with Miss West for first ladies' prize.

A fifty course supper was served in a spacious upstairs den where a long table, gay with pretty appointments and vivid holly accommodated the merry dancers. Silver trays "for good luck" were the pretty table favors. Mrs. Twist and Mrs. Hoyle were

FUNERAL SERVICES FOR MRS. U. SIDNEY LEMON

Deeply impressive were the funeral services conducted Saturday for Mrs. U. S. Lemon, who recently passed away in the Santa Ana Hospital. The services, held in Mills & Winkler's chapel, were conducted by Rev. Mr. Petty of Los Angeles, a lifelong friend of the deceased, who was a member of the well-known Harris family of this county. He paid a high tribute to her character.

A wealth of unusually beautiful floral pieces testified to the high esteem and affection in which Mrs. Lemon was held. "Asleep in Jesus" and "Some Time We'll Understand" were among the musical offerings, and Mrs. Frank Harris played softly as the friends of Mrs. Lemon took the last look at her placid features.

Peculiarly sad is the death of this gifted woman, who leaves four daughters, Misses Hazel, Ruth and Mildred and Mrs. Harry Inskeep. Her husband, a well-known newspaper man, is lying ill in the hospital as a result of serious injuries received in an automobile accident. Mrs. Lemon's illness is said to have been augmented by the shock of her husband's accident.

The deceased lady was a sister of Wiley and Frank Harris, widely known in Orange county.

Stags Win Fast Fracas, 4 to 1; Duhart Gets a Badly Sprained Ankle

"Poor old Pete." That is the saying that was going the rounds at Moose Park yesterday afternoon when the speedy little shortstop got a badly sprained ankle after sliding home in the third inning of the game between the Glendale and Moose clubs, which resulted in a victory for the latter by a score of 4 to 1.

plucky Duhart will be back in harness. Yesterday's fracas was a terrific pitchers' battle in which the elongated Abbott, who was on the hill for the Stags, was returned the winner. Except in one inning, the auspicious third, the locals were held practically hitless by Bidwell, twirling for the visitors.

Abbott's pitching was gilt-edged. He allowed the invaders but three hits, two of which might be called scratches, and fanned eight.

The attention of the fans was called to a new second-sacker in the shape and form of Eddie McGaffey. Eddie played behind the bat and in the outfield but second was a new proposition for him. However, he held the situation in big league style. He did nothing that had the slightest resemblance to a misplay. And in addition he cracked out an attractive double in the third which started the trouble and fireworks.

Visitors Score First
The visiting aggregation of ball tossers scored the first run in the second inning of yesterday's game. C. Bidwell, the first man up, drew a walk and was forced at second by Flores. A free ticket was issued for Flores, filling the bases. Flower was grazed by a fast one, receiving a free pass to first (passes were plentiful in this session), forcing Flores across the plate for the Glendalians' only tally. Sisney was caught off third, Stevens to G. Callan. H. Bidwell was out, Abbott to Leake.

Stags Get Four
The Stags gave a little exhibition of the come-back stuff in the third and rang the bell four times. McGaffey opened with a double to right and Duhart walked. McGaffey was forced at third in an attempted sacrifice by Abbott. "Buster" Callan checked one through the pitcher's box for a single, scoring Duhart. It was here that Duhart sprained his ankle, sliding into home. Williams took three healthy swings and came back to the bench. G. Callan got against one for a single between short and third, scoring Abbott. B. Callan going to third on the throw-in and G. Callan to second. Stevens kept the ball moving by connecting for a single to center, scoring the Stevens Callan. Leake followed with a two-stacker over the right-field fence. Stevens stopping at third on account of ground rules. Freeman made a good try but was out on a high fly back of first base, retiring the side. From this frame on neither club was able to score, both pitchers hurling hitless ball.

S. A. TIGERS BEAT CHILE MEN, 10 TO 3

Heinrichs Proves Easy for Felines; Series Stands One and One

Clean base hits and loose fielding enabled the Santa Ana Tigers to defeat the Garden Grove baseball club on the latter's ground Saturday. After stepping off the train from Portland, Oregon, "Dutch" Heinrichs donned a G. G. uniform and attempted to show the Tigers a few things they never saw before in the line of curves and speed, but a few innings proved that he was in no shape to show a grammar school team anything in the line of pill-heaving. Clare Head, at second, played a loose game, letting no less than four balls go through his territory for a count of five runs and, with the Tigers batting out five more runs the final score was 10 to 3 in favor of the Santa Ana club.

Leake, who pitched for Santa Ana, was effective at all times and held the Grovers to eight hits, while his teammates hit Heinrichs for a total of fifteen. Mott of Garden Grove was the star batter of the day, getting three two-baggers.

By winning Saturday the Tigers evened up with the Chile Pickers, one each game. A series of five games has been arranged between the two teams. The line-ups follow.

F. BROWNING'S MEN SURPRISE MIDWICKIANS

Orange County Golfers Tie Jones' Team in Handicap Saturday

That the Orange County Country Club is "on the map" is evidenced by the performance of Captain F. B. Browning's team at Midwick Saturday. The following is from the Los Angeles Examiner:

The golf team from the Orange County C. C. came very close to a victory over the Midwick team in the handicap matches at Midwick Saturday. This was the first interclub match of the 1915 season. The men from Orange were unknown, underestimated and given little chance to do things in the antemortem statements. They suddenly developed golfing ability that caused a turmoil in the Midwick ranks, and when all heads were counted late in the day it was discovered that the clubs had broken even in the handicap matches while Midwick made a clean sweep of the scratch rounds.

In a spirit of kind-heartedness and human sympathy, Captain E. Conde Jones of the Midwick Club, ran in several second string players to compete against the visitors. Jones was doing a sportsman-like thing to make the matches more even and more interesting. Up rose the Orange men and all but spoiled the entire afternoon for Jones and his team. These Orange men took advantage of the shaky playing of several members of the Midwick team and won three of the handicap rounds. Jones broke even with his man and three other members of the Midwick team won their handicap. Thus the records will show a draw in the handicap match unless Captain Jones and Captain Browning get together and shake dice or match pennies for the final decision.

Hugo Johnstone won his scratch match from Captain Browning of the Orange team, but dropped the handicap round, two down. Johnstone started Ed Browning six holes up and Hugo found his putting ability missing. Several times he missed short puts and each time it was disastrous. Johnstone was still able to get away those mighty drives, but was miles off his game when it came to approaching and putting. Johnstone won the scratch round 4 and 3.

E. R. Williams started George Shattuck, Orange, five up and then defeated him 6 and 5 in the scratch round and 3 and 2 in the handicap round. Captain E. Conde Jones defeated the Orange representative, H. T. Rutherford, 5 and 3 in the scratch round and halved the handicap match. E. B. Washburn and L. R. G. Neustadt, Midwick players, lost the handicap rounds to the Orange players, A. J. Klunk and J. W. Tubbs, respectively. Both Midwick players won the scratch rounds. N. M. Murray, Midwick, defeated S. S. Wold, Orange, 4 and 3 in the handicap and 5 and 4 scratch. K. Avery, Midwick, beat K. E. Watson, Orange, 4 and 2 handicap round and 2 up in the scratch round.

RECOVERS HIS AUTO
Fullerton News: Mr. Nemo, whose machine was stolen from his garage on the night of the 18th of December, was notified by the Auto Club on the 21st that the auto was being held for identification at the Jefferson Police station, Los Angeles. Mr. Nemo went into the city to recover his property and found that the machine had received some rough usage, and that about \$100 worth of parts had been stolen in the shape of tires, jack, tool kit, Klaxon horn, laprobe, and other articles. The switch box was broken also. Mr. Nemo has received many congratulations on recovering his machine in no worse shape than it is.

TURN HAIR DARK WITH SAGE TEA

If Mixed With Sulphur it Darkens so Naturally Nobody Can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre so attractive; besides, prevents dandruff, itching scalp and falling hair.—Advertisement.

BOB BURMAN SETS NEW 50-MILE MARK

BAKERSFIELD, Jan. 4.—Driving his peugeot car, "Wild Bob" Burman, speed king, broke the world's fifty-mile dirt-track record here yesterday afternoon by turning the mile track fifty times in 40 minutes and 58 seconds. The former record of 45 minutes and 32 seconds was held by Disbrow and was established at Detroit in 1910. Burman's average speed was 73.2 miles per hour.

The racers made the first half mile hub to hub, but Oldfield soon fell behind and remained at from a quarter to a half mile in the rear until in the twenty-ninth lap Burman passed Oldfield directly in front of the grandstand, bringing forth cheers for the new idol and hoots for the fallen Barney. Oldfield made one more lap and went to the pit, where later it was announced he could not continue owing to a broken valve.

Burman also lowered the twenty-mile record of 22 minutes to 20:28 4-5. The records will be official.

SAN DIEGO SPEED REHEARSAL BEGINS

Drivers Start Practising Today on Dangerous Road Race Course

SAN DIEGO, Jan. 4.—Blue smoke is to be the big feature of the Panama-California Exposition this week. This morning the speed men now camped in San Diego opened up in the first real practice for the January 9 event. Until the last car to finish gets the checkered flag from Starter Fred J. Wagner next Saturday at the finish of the 300-mile speed duel, the Southern California Exposition City is to rule the world of motor racing sport.

While there was no practice yesterday, most of the drivers were on the Point Loma course, studying the curves and angles of the spectacular speed trail. With the exception of the Stutz No. 8 and the Tahis No. 1, the drivers were seen at the wheels of touring cars yesterday.

Eddie Rickenbacker announced that the San Diego race was to be in a class by itself as a real road race. "If the average does go over sixty-five," declared Klein, "the San Diego race will be one of the most spectacular ever run and in some places faster than any road race ever held on the Pacific coast."

There are so many turns and treacherous points along the loop that it will be one of the greatest drivers' races ever staged. It will not be only dangerous and spectacular for the drivers, who will have to be on the job every minute, but also a great strain on the cars.

TRACK AND BASEBALL PRACTICE TO BEGIN

Coach Hall's Main Endeavor Will Be to Develop Pitchers and Batsmen

Track and baseball practise will begin in dead earnest at Poly High this week. Some of the track men who started their training sprints before the holidays have been taking a little exercise on the track during the vacation period in order to keep in form. Many of those who expect to try out for pitching berths, are and have been working like Trojans.

Whether the proposed cross-country run will be staged seems to be a matter of doubt. It is certain, however, that Coach Hill will put on the event if it is at all possible to do so.

The javelin throw, a newly added feature of athletics this season, is attracting much interest. Everything points to a splendid showing to be made this year in track. The outlook is extremely bright, according to reports.

In baseball, Coach Hall's main endeavor during the next few weeks will be to develop pitchers and batsmen.

NEW TERM BEGUN AT COURTHOUSE NOON TODAY

Three New County Officials
Take Charge of Their Shops
at 12 O'clock

KEYS TURNED OVER TO THE SUCCESSORS

Justice of the Peace is Going to
Sign Official Documents as
John B. Cox

It was off with the old and on with the new at the courthouse today, when at 12 o'clock a four-year term was finished and a new term was begun. With most of the offices the change meant nothing. In those offices the only official acts necessary to mark the change were the appointment of deputies. All of the county officers elected during the year had qualified and had been sworn in two or three weeks in advance.

This morning Sheriff Rudlock, outgoing, and Sheriff Jackson, incoming, checked over county property in charge of the office, and Jackson received for it, the receipt being filed with the county clerk. A similar transaction took place in the auditor's office between C. D. Lester, outgoing, and W. C. Jerome, incoming. At noon J. M. Backs turned over the keys of his office to Miss Justine Vining, who then began her term, the first woman ever elected to a county office in Orange county. At the same hour Jackson and Jerome received their keys.

There had congregated in County Clerk Williams' office a number of officials, Judge W. H. Thomas was there, and County Assessor Sleeper was there, with a bunch of keys in his hand. "I don't know who to turn these keys over to," said Sleeper.

"I'll take them," said the judge, and he gathered them in along with a bunch in the hands of County Clerk Williams.

The judge was telling a story of personal violence committed upon him by Rev. Paul E. Wright, who was also present. He said that just to show how strong he was and just how much

regard the ministry has for the judiciary, Rev. Wright one day took him by the nape of the neck and the seat of the trousers, lifted him bodily and threw him over the county clerk's desk.

About that time the noon hour arrived. County Treasurer J. C. Joplin put on his hat, and ended his term and started a new one by starting out to lunch. He changed his keys from one pocket to the other. He stepped into the clerk's office just in time to hear Judge Thomas presenting County Clerk Williams with a bunch of keys, saying something about "giving as much satisfaction in the future as he had in the past," and another bunch to Assessor Sleeper, saying that any one who could mulct the Standard Oil Company out of \$45,000 ought to be given another term.

District Attorney West, Tax Collector Lamb and County Superintendent of Schools Mitchell came down the hall, and groups of county officers left the courthouse, each one headed for a square meal.

At 1 o'clock the county clerk's office opened up with J. M. Backs as a deputy behind the counter. Outside of his office force, the first deputy appointed by Sheriff Jackson was A. K. Cravath. The first paper filed by the county clerk on his new term was the appointment of F. M. Dean as a deputy by Constable F. W. Heard.

At the county jail, E. W. Boynton and F. M. Dean turned things over to "Budge" Lacy and A. L. Eells, Jackson appointees, who will live at the jail.

It is John B. Cox. Officially, one change was made in the office of justice of the peace of Santa Ana township. During the last four years J. B. Cox has been justice. The man elected for the new term is John B. Cox. That's a fact. When Cox was getting out his papers to get his name on the ballot he signed "John B. Cox." Now that the new term is starting, he learns that his official signature must be the same as it appeared on the ballot. Up to noon today, Cox signed all papers "J. B. Cox." At 12 o'clock the change was made.

This morning someone wanted to know about using Belshazzar, his middle name. "That is the doing of some of these newspapermen," said he. "They put that name on to me. If ever any of them comes into my court under arrest, I'll even up the score."

At 12 o'clock Justice Cox's income from marrying people went on to a new basis. Hitherto he could legally demand \$3 as his fee. The state has done away with fees, and he can keep whatever is given him, but he can demand nothing as a fee.

A New Constable. At 12 o'clock Santa Ana township got a brand new constable. He is Russell Coleman, elected to succeed C. E. Jackson, who became sheriff. Frank W. Heard, who was re-elected as one of the constables of Santa Ana township, started in his new term, ready to go after 'em whenever duty calls.

SAYS THE BOND WILL BREAK 'EM UP

Stage Drivers Do Not Relish
the Proposal Made by the
Santa Ana Council

An automobile stage driver is authority for the statement that if Santa Ana requires each rental auto stage to put up a \$10,000 bond, practically all of the auto buses will shake the dust of Santa Ana off their tires and not come back.

It is declared that an auto bus doing business through the four principal towns of the county has to pay the price of a second-hand automobile now per year just as license.

Here it is: Santa Ana charges \$25 a year for a license. Orange takes hold of \$60 per year and Anaheim wants and gets \$15. Then comes Fullerton for a whole armful, \$200 a year. It is stated that a bond for \$10,000 will cost the auto stage \$200 a year.

On top of all of that the automobile is taxed the same as other automobiles, and each has to pay a sum to the state for a state auto license.

Truly, the lot of the jitney bus is quite different from what it was before the cities began to make them pay for doing business.

The \$10,000 bonding proposal has been made by the Santa Ana city trustees on the theory that the ordinary auto stage owner owns nothing but his machine. The stage becomes a common carrier, and the public is entitled to protection in case of damages. If through carelessness, an automobile is wrecked, the passengers ought to have some recourse for damages done to them.

The provision for a bond was included in the proposed new license ordinance. It was concluded last Monday night to present the bond in an ordinance separate from the license ordinance.

When Long Beach required a bond of its jitney buses the number of buses was reduced to a third.

AT THE COURTHOUSE ATTEMPT ONLY WAS POSSIBLE

Opposition Prevented Assessment
Work on Stutsman
Mineral Claims

Alleging that assessment work on mineral claims was prevented by force, A. C. Williams, A. W. Williams, Philip Gages and John Springston have recorded proofs of labor on 22 of the Stutsman oil claims in the Yorba Linda section. The Stutsman interest filed mineral claims in the oil-bearing districts, taking the ground that the government had never parted with the mineral rights. That question is subject of litigation. Last week an attempt was made to do the assessment work. Yorba Lindans with attorneys turned out in force and the work was not allowed to proceed.

In their proofs of labor, the fact that those who went on to the claims with materials to start an oil derrick were told that force would be used to throw them off in case they did not go is alleged as proof of the attempt to do assessment work.

Location Notices. Williams has filed a location notice on the south half of the northeast quarter and the north half of the southeast quarter, both in section 5, township 3 south, range 9 west. Charles Dusseurt and Jacob Yae-

RECIPE TO CLEAR A PIMPLY SKIN

Pimples Are Impurities Seeking
an Outlet Through Skin
Pores

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear, cleanses the blood and is excellent for the kidneys as well. Advertisement.

BRIDGE BURNS; HOBOS DID IT

Three Young Tramps Taken to Jail on Suspicion Their Fire Was Responsible

This morning a 125-foot bridge on the Santa Fe branch line from a point between Santa Ana and Myford to the San Joaquin Fruit Company was burned. It is believed that the fire was started by hoboes, the bridge catching fire from a campfire.

This morning the local Santa Fe office was informed that the bridge was burning. Constables Heard and Coleman went out on the matter, and learned that three young fellows had been seen camping at the bridge. This trio was found at Irvine and were brought to jail. They said their names are Floyd Shaffer, Claude Dresser and Elmer Jacobs. They admitted that they slept under the bridge last night, but denied that their fire could have set the bridge afire.

The burning of the bridge did not interfere with traffic on the main line to San Diego.
